

6の たしざん

6を たしてみよう。

$$1 + 6 = 7$$

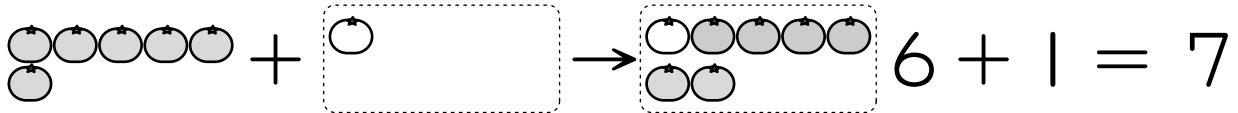

$$2 + 6 = 8$$

$$3 + 6 = 9$$

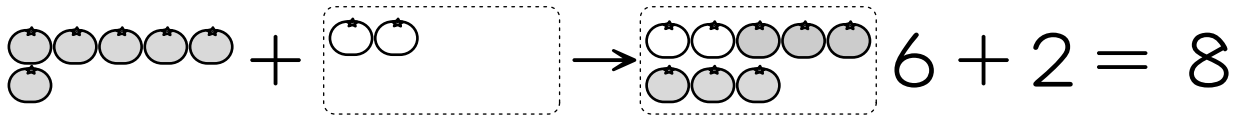

$$4 + 6 = 10$$

6の たしざん

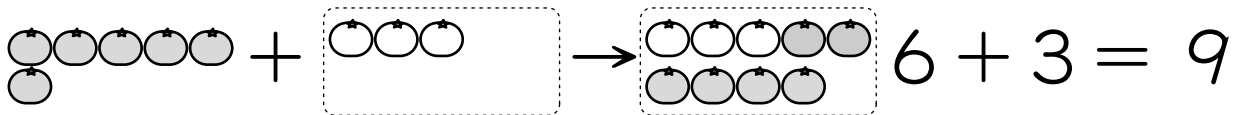

6に たしてみよう。

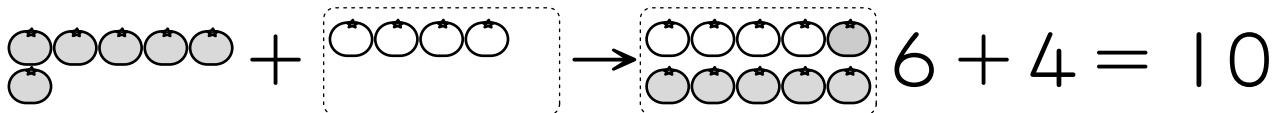

A visual equation showing 6 circles (two in a column, four in a row) plus one circle in a dashed box, followed by an arrow pointing to a dashed box containing 7 circles (two in a column, five in a row), and the equation $6 + 1 = 7$.

A visual equation showing 6 circles (two in a column, four in a row) plus two circles in a dashed box, followed by an arrow pointing to a dashed box containing 8 circles (two in a column, six in a row), and the equation $6 + 2 = 8$.

A visual equation showing 6 circles (two in a column, four in a row) plus three circles in a dashed box, followed by an arrow pointing to a dashed box containing 9 circles (two in a column, seven in a row), and the equation $6 + 3 = 9$.

A visual equation showing 6 circles (two in a column, four in a row) plus four circles in a dashed box, followed by an arrow pointing to a dashed box containing 10 circles (two in a column, eight in a row), and the equation $6 + 4 = 10$.
